Supervisory Patent Examiner, Art Unit 2113

DETAILED ACTION

This action is in response to an amendment filed on January 09, 2008 for the application of Faulkner et al., for a "Systems and methods for performing quiescence in a storage virtualization environment" filed February 27, 2004.

Claims 1-12, 14, 16-20, and 22-25 are pending in the application.

Claims 1, 14, and 20 have been amended.

Claims 13, 15, and 21 have been canceled.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Maura Moran on March 25, 2008. The application has been amended as follows:

As per claim 20, line 1, "A tangibly-embodied computer-readable medium" is to be replaced by --A computer-readable storage medium--

As per claims 22, 23, 24, and 25, line 1, "computer-readable medium" is to be replaced by --computer-readable storage medium—

Reasons for allowance

The following is an examiner's statement of reasons for allowance:

Applicant's arguments with respect to claims 1, 9, 14, and 20 have been fully considered and are persuasive.

In response to applicant's arguments regarding claims 1, 9, 14, and 20 after a complete search of all the relevant prior art the examiner has determined the claims are in condition for allowance. The following limitations when viewed in combination with the remainder of the claim as a whole place this application in condition for allowance.

As per claims 1, 9, 14, and 20 examiner finds the novel and non obvious feature of the above claims, when read as whole to be, responsive to receiving the quiescence instruction, halting long term operations underway at the time the quiescence instruction is received and completing short term operations comprising operations that are other than long term operation and that are underway at the time the quiescence instruction is received.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Elmira Mehrmanesh whose telephone number is (571) 272-5531. The examiner can normally be reached on 9-5 M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Robert W. Beausoliel can be reached on (571) 272-3645. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
